

651.0103 State laws and regulations

The Indiana Confined Feeding Law requires that the Indiana Department of Environmental Management (IDEM) approve the plans for agricultural waste management systems on farms where:

- 1) The confined feeding of animals exceeds the following numbers:

| | |
|---------|--------|
| Cattle | 300 |
| Swine | 600 |
| Sheep | 600 |
| Poultry | 30,000 |

- 2) The animal feeding operation electing to be subject to IC 13-18-10.
(www.in.gov/legislative/ic/code)
- 3) The animal feeding operation causes a violation of:
 - A) water pollution control laws
 - B) any rules of the water pollution control board; or
 - C) IC 13-18-10
(www.in.gov/legislative/ic/code)

A copy of the Confined Feeding Application and Guidance Manual, which explains the requirements for the submission of plans to IDEM, can be found at the following web site address: www.in.gov/idem/land/cfo/.
